TOWN WARRANT

1981

To the inhabitants of the Town of Albany, County of Carroll, State of New Hampshire, Qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall at Albany, New Hampshire, on Tuesday, the 10th day of March 1981, at 10 o'clock in the forenoon to act upon the following subjects hereinafter set forth. Voting on Articles 1 and 14 will be by official ballot and the polls shall be open for balloting at 10 o'clock in the forenoon or as soon thereafter as the Moderator calls the Meeting to order and declares a quorum present and shall not close before 6 o'clock in the evening. The remaining Articles of the Warrant shall be acted upon at 7 o'clock in the evening or at the closing of the polls if the Meeting shall vote to keep the polls open to a later hour.

GENERAL GOVERNMENT

Article 1. To elect all necessary officers.

Article 2. To hear the report of the Selectmen for the year 1980.

Article 3. To see if the Town will vote to petition the representatives and senators who represent the Town in the general court to support in the current session of the General Court, a concurrent resolution to amend the State Constitution to limit the annual increase in property taxes to five percent and to limit the annual increase in spending by the state or any city, town, or other governmental unit of the state to five percent. By petition (Burton Blaisdell and others).

Article 4. To see if the Town will vote to raise and appropriate the following sums of money for the following purposes:

Town Officers' Salaries	\$5,300.00
Town Officers' Expenses	4,000.00
Town Building Expenses	2,100.00
Election & Registration	500.00
Capital Reserve Fund	6,000.00
Planning Board	400.00
Police Protection	300.00
Fire Department & Rescue	4,300.00
Dog Leash Ordinance	400.00
Insurance & Bonds	1,325.00
Civil Defense	1.00
Old Age Assistance	750.00
Town & County Poor	500.00

Patriotic Purposes	100.00
Cemetery (Trust Fund)	100.00
Cemetery	300.00
Legal Services	750.00
Interest on Temporary Loans	1,000.00
Perambulation Town Lines	1,000.00
Contingency Fund	1,500.00
	<u>\$30,626.00</u>

Article 5. To see if the Town will vote to raise and appropriate the sum of \$630.00 to have the Town join North Country Council (\$330.00) and Municipal Association (\$300.00).

HUMAN SERVICES

Article 6. To see if the Town will vote to raise and appropriate the following sums of money for the following purposes:

Memorial Hospital	\$550.00
North Conway Youth Project	225.00
Visiting Nurse Service	636.80
Carroll County Mental Health	174.71
Conway Recreation Center	600.00
Meals & Wheels Program	200.00
Town Dump (Incinerator & Capital Reserve)	5,730.00
Ambulance	1,167.00
	<u>\$9,283.51</u>

HIGHWAYS AND BRIDGES

Article 7.(a) To see if the Town will vote to raise and appropriate the sum of \$343.46 for Town Road Aid (T R A);

(b) To see if the Town will vote to raise and appropriate the sum of \$45,370.00 (includes the Block Grant of \$4,015.60) for Highways and Bridges.

Article 8. To see if the Town will vote to adopt the following:

By-law respecting the dumping, processing, removal and disposal of Hazardous Wastes.

1. Hazardous wastes shall not be dumped, buried, stored, collected received, processed, reprocessed, treated, recovered, separated or disposed of in any way on any land in, or in any building in the Town of Albany except by prior permission of the voters of the Town obtained at an Annual or Special Town Meeting.

2. For the purpose of this by-law, Hazardous Wastes means any material which may:

a) cause or contribute to an increase in mortality or illness; or

b) pose a potential threat to human health or the environment when improperly handled or mismanaged; or

c) has been identified as a hazardous waste by the New Hampshire Bureau of Solid Wastes Management using the criteria established under RSA 147:50.

3. This by-law shall take effect immediately on its passage.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$17,000.00; that sum to be divided as follows:

1. to resurface the Wonalancet Road with gravel for the sum of \$2,000.00;

2. to continue reconstruction on Bald Hill Road for 800 feet from the corner to state maintenance line for the sum of \$15,000.00.

Article 10. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for the use or set-offs against budget appropriations for the following priority purposes and in the amounts indicated.

Fire Department	\$3,000.00
Town Dump	5,000.00
	<u>\$8,000.00</u>

Article 11. To see if the Town of Albany will vote to raise and appropriate the sum of \$1,500.00 for a Hydrant to be placed in the area of Fred Berry's on Passaconaway Road, with a \$100.00 annual users fee; work to be done by the Conway Water Precinct and with the approval of the Conway Village Fire Precinct Commissioners. By petition (Peter Howland and others).

Article 12. To see if the Town of Albany will vote to raise and appropriate the sum of \$750.00 to continue it's involvement in a regional solution to the disposal of solid wastes. This sum, to be disbursed as authorized under RSA 31:4, paragraph XXXIV, to provide for the acquisition of legal, professional and technical assistance.

Article 13. To authorize the Albany Planning Board, in accordance with the provisions of Chapter 36: Sections 19-29 and Section 34, N.H. RSA 1955, to adopt Subdivision Regulations for the Town of Albany, such Subdivision Regulations being the same as those presented and discussed at public meetings on January 14, 1981 and March 4, 1981.

Article 14. To see if the Town of Albany shall adopt the provisions of RSA 72:43-b and 43-c for expanded exemptions on real estate which provide for a resident 65 years of age up to 75, a \$5000 exemption; a resident 75 years of age up to 80, a \$10,000 exemption; a resident 80 years of age or older, a \$20,000 exemption, provided that the resident owns the real estate individually or jointly with another or his spouse with whom he has been living for at least 5 years as man and wife; said resident had a net income of less than \$7,000 or combined income with

spouse of less than \$9,000; and owns assets of any kind, tangible or intangible, less bona fide encumbrances, not in excess of the value specified in RSA 72:43-c,III; provided that the exemptions shall be based upon the assessed value of the real estate. (By ballot).

Article 15. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 16. To see if the Town will vote to authorize the Selectmen to accept gifts and/or Federal or State Aid in the name of the Town of Albany.

Article 17. To see if the Town will vote to authorize the Tax Collector to accept the payment of Resident Tax in advance.

Article 18. To see if the Town will vote to authorize the Selectmen to sell, at their discretion, at public auction, any real estate in the Town to which the Town has title by Collector's Deed; except when it is being sold back to the former owner, or to a party who has succeeded to the title of the former owner, in which case private sale may be utilized; any such real estate to be sold and conveyed on or before the next annual Town Meeting.

Article 19. To act upon any other business that may legally come before this Meeting.

Given under our hands and seal the 23rd day of February in the year of our Lord, nineteen hundred and eighty one.

FOREST FIRE WARDEN'S REPORT

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in his municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

ALBANY HISTORICAL SOCIETY REPORT

The following report is a chronological review of our activities for 1980.

On April 11, Ruth Morrill and Mary Leavitt attended a workshop at the University of New Hampshire Library. George Cunha, Director Emeritus of the New England Document Conservation Center, supervised the workshop. The purpose was to learn the most current procedures for the care and conservation of books, papers, and photographs.

The summer was spent trying to recruit people as members of the Historical Society.

On August 20, a meeting was held at the Town Hall. Eight persons attended. It was decided that there were not enough to vote for officers, so the time was spent in looking at the old books and other items in the vault. Mr. Knox had found another old town record book which we looked over and put in the vault.

September 10th meeting was held at the Town Hall. Eleven residents were present, and officers were elected as follows:

Mary Leavitt, President
Ruth Morrill, Secretary
Elaine Wales, Treasurer

Guest speakers were discussed and it was decided that we should have Helen Nute as a speaker for our next meeting which we held on December 5, at the Town Hall. Miss Nute spoke to us on ways to raise money, get people interested in the Society, things we should save and things we should do to preserve the town's history. It was decided to postpone dues until later after we had investigated other Historical Societies in the area. To preserve the history of Albany everyone should try to get stories and information from the Sr. citizens. Anyone who lived here or had families who lived in Albany should be contacted and asked to tell what they know about the people of the past.

Mr. Schmauck of World Fellowship attended our December meeting and presented us with a book on the World Fellowship for our collection.

Mr. George Morrill told us about old cellar holes in the area, which we hope will give many clues to our history.

A meeting was held on January 16th at the house of Mary Leavitt. It was a stormy night and the attendance was small. A letter was to be sent to New England Document Conservation Center to see when we could take the old record book there to see if it could be repaired and what the cost would be. A letter was to be sent to check on Federal Funds for the preservation of documents.

Mr. Edgar Allard has made a typed copy of the old church records to keep for our availability.

Mary Leavitt reported on where the name Albany came from. According to the book, "The Place Names of the White Mountains" by Robert and Mary Hixon, the name Albany seems to have come as a celebration of the New York and Albany Railroad which was started in 1833. The same year Burton was renamed Albany.

It is hoped that this report will bring more interest in the Historical Society, and that we will be seeing more people at our meetings.

MARY I. LEAVITT,
President

Health Officer

REPORT OF THE ALBANY PLANNING BOARD

for
1980 TOWN REPORT

Since the 1980 Town Meeting, the Albany Planning Board has concentrated on two things - one; making an effort to learn more about the duties and procedures of a planning board, and two; preparing subdivision regulations for the Town, and procedures for adopting them.

Subdivision Regulations were drawn up and were presented to the Townspeople at two informational meetings held January 14 and March 4, 1981. The Board is seeking authority to adopt these Regulations at this year's regular Town Meeting.

Respectfully submitted,
Albany Planning Board
T.T.PETTINGELL, JR., Chairman

CONWAY ELEMENTARY SCHOOL PRINCIPAL'S REPORT

by David Hawkins

September brought the beginning of another school year and a new administrator and personnel to the Conway Elementary School. A change in administration and personnel brings different ideas and styles. Different does not always mean better, but we have seized the opportunity of change and begun to move the school in new directions.

Children are our primary concern. Any situation that in any way involves children is evaluated individually, and the emphasis of the decision is what is best for that child today, tomorrow, and in the future. Academically, our entire school is beginning to take on the concept of a total learning environment; that physical space, not just the formal classroom, can and should be used for student learning and exploration. Individual classrooms are starting to provide academic material that is both challenging and rewarding to all students regardless of grade assignment or previous academic achievement.

Our relationship with the parents of our students, as well as the community as a whole, has taken on a new dimension. Parents are welcome to visit and contribute to the classrooms. Many parents are now volunteering time to work within the school, and a formal parent volunteer program is in its infancy. When fully developed, this program will provide teachers and students with resources and guidelines for a wide spectrum of community talents and know-how. A newsletter is sent home on the last day of every school week to help the parents keep abreast of the activities and happenings taking place in their child's classroom and within the school. School/community trips have taken place, with more planned in the months to come. An Isle of Shoales trip along with a Whale Watch have provided some excellent opportunities for the school and the community to work together. Class night pot luck suppers and special evening programs all contribute to an effort to make the school reflective of the values of the community.

In summary, I would like to thank all of you for the warm and cordial welcome you have extended; particularly L. K. Lord for the time, effort and concern on her behalf to make the transition as smooth as possible. It was Kay Lord's many years of dedicated service that has laid a solid educational foundation for us to build upon; and for that effort we are forever indebted.

SUPERINTENDENT'S REPORT

by Robert B. Kautz and David Stickney

Once again it is with great pleasure that this report of the past year's activities is provided. The goal of everyone in our school system is to serve children better, educationally.

As we have reported in the past, school construction continued to be a major undertaking. At the A. Crosby Kennett High School we can state that there remains only a number of small items to be completed in our total construction program. The vocational addition opened in September of 1980. This beautiful facility now allows our communities to feel, with great reason, that our high school has the facilities to provide all students an educational opportunity that will respond to their needs and interests. Those areas still to be completed include a greenhouse for the vocational agricultural program and some minor work. It is unfortunate that to this date we are still experiencing some problems with heating and ventilation. Work to have these corrected is taking place, but it is a frustrating and uncomfortable problem for teachers and students.

Construction at the Madison Elementary School was completed, and their two-classroom addition and renovations have been used since the opening of school in September. This fine facility is a welcome addition for the Madison Elementary School program. Another welcome addition is just being completed in Bartlett. This includes development of a fine library facility, multi-purpose room, kitchen, and classrooms for Science and Practical Arts. The Josiah Bartlett Elementary School is now accessible to the handicapped and meets public safety requirements.

In addition to these construction projects, progress is occurring in the reroofing of a large portion of the original Kennett High School building, the Kenneth A. Brett School in Tamworth, and the Josiah Bartlett Elementary School in Bartlett. In Freedom, more storage space was provided as well as replacement of the septic system. All of these, as well as the regular maintenance, occurred during the year in all of our schools so that our facilities would be adequate for school and community use.

Besides facility projects, much work on our educational program took place. Curriculum committees in Science and Social Studies continued their work. The Social Studies Curriculum was adopted by all School Boards. The Accountability Committee continued its task and is

at the point of test development. Valuable assistance from the state has been received, and the School Administrative Unit has budgeted \$10,000 to be used for this purpose. All of the elementary schools embarked on an evaluation process which will conclude in the 1981-82 school year. This process involves a self-evaluation by the school and then a review of this by an outside visiting team. It is anticipated that this work will result in an affirmation of what is currently occurring as well as recommendations for improvement. The Conway School Board has established an Educational Planning Committee with the purpose of involving persons from all sections of the community in reviewing our total educational program and developing long-range plans where necessary. All of these tasks are accomplished only because of the dedication, care, and generous involvement of our teaching staff and community members.

In addition to efforts to improve our educational programs, many of the towns have, or are in the process of, establishing study committees dealing with the 20 year contract for education of high school students at Kennett High School. This 20 year contract for all towns (except Tamworth which occurs one year later) will expire in June of 1983. The sending towns do have an option to continue the contract for two periods of five years if they so elect. The purpose of these study committees is to review any and all alternatives that may exist so that each community can make an informed decision.

During this past year, evaluations of our Staff Development, Special Education, and Vocational Education Programs were conducted by the State Department of Education. We were very pleased with the outcomes of these routine evaluations. The recommendations that were provided have been, or are in the process of being, completed. We are especially proud of the many commendations that our programs and personnel received.

As our fifth year of working in the communities of SAU #9 draws to a close, we would like to express some thoughts concerning your schools and schooling. Public school education must endeavor to serve all students. Public schools are asked by many to fulfill a plethora of needs. Your School Boards and personnel employed by them endeavor to fulfill the goals of public schools as well as they can be. We are conscious of the problems of the economy, and we all strive to make every dollar spent be one that will provide the greatest impact. Our schools serve approximately 2,400 students and employ approximately 285 people. Besides education we are involved in transportation, food services, health services, and buildings and grounds maintenance and construction. The buildings that are under our care and supervision range from

storage facilities to the large Kennett High School complex and include a total of 9 schools. Our responsibilities are complex, and yet we feel that our chief responsibility - educating our children - is being accomplished in a very fine manner and with very good results.

Our high school students have done well on college entrance exams in comparison to their peers. The standardized tests given to all students in grades 2-8 provide indications that our programs are successful and that our students rank very well in a comparison with students throughout the country. We receive compliments from many who have recently moved here from other areas as they compare our schools to those that their children previously attended. When we compare the cost of education in our schools to those throughout New Hampshire, again we compare favorably. In a fact sheet provided by the New Hampshire State Department of Education for the 1978-79 school year, our high school cost per pupil ranked 47th out of 75, while our enrollment was 21st out of 75 and our school tax rate per \$1,000 of equalized valuation ranked 57th out of 75. Our junior high cost per pupil in Conway ranked 27th out of 42 and the school tax rate 32nd out of 42. On the elementary level they vary, but the comparisons are as favorable as those mentioned above. Our graduating students have been successful in applying to institutions to further their education.

The point being made is that we all deserve to be proud and have reason for this pride in our schools, in the performance of our students and in the diligent, dedicated work of our teachers and non-instructional staff. Principals, classroom teachers, tutors and aides, secretaries, cafeteria workers, custodians, bus drivers, the volunteers in our schools, and your SAU administrators - all of these with you the community member cause the schools to be successful. This partnership of community and schools is necessary and must continue if our schools are to continue to provide a quality education and continue to strive to improve. All of this is for our children; all of this is so that they will inherit and contribute to the society we know and the world we live in.

We would like to thank everyone for the cooperation and support our schools have received. Your interest and viewpoints are necessary. The cooperation and coordination of the school, the home, and the community is essential. We are now happy to provide a more detailed report from the District of Special Education and the principal and staff of your school(s).

SPECIAL EDUCATION DIRECTOR'S REPORT

by Lawrence L. Spencer

During the past year the SAU #9 special education program has been reviewed by the N.H. Department of Special Education and the U.S. Bureau of Education for the Handicapped. The program reviews consisted of on-site visits in each school; interviews with principals, teachers and parents; and review of student files. Both reviews were very favorable, citing several commendations. Areas of weakness were identified in documentation procedures, and steps have already been taken to assure full compliance with State and Federal regulations. As a result of these reviews, the SAU #9 special education program has been approved for the next three years.

The Conway, Jackson and Tamworth School Districts have developed a consolidated regional program for multiple handicapped children. The class is self contained and staffed with a special education teacher and aide. The program curriculum focuses on sensory stimulation, self help, communication, and adaptive and gross motor skills. The class is housed at the Conway Elementary School and administered by the Conway School District.

The special education program for moderately or trainable mentally handicapped secondary aged students at Kennett High School has been expanded. This program stresses functional academics; social, independent living; and vocational and motor skills. The students also attend the Center of Hope in the afternoon for work activities training.

SAU #9 has engaged in extensive "Childfind" activities to identify individuals, birth to 21 years, who are educationally handicapped and in need of special education services. The emphasis has been on early identification and intervention. All public school kindergarten and first grade children were screened for special education needs. Throughout SAU #9, fifteen handicapped pre-school children have also been identified and receive special education services.

Impedence screening, a new hearing screening program, has been cooperatively undertaken by school nurses and speech and language therapists. Impedence Audiometry is a much-improved procedure over the present pure tone hearing screening program, for it can detect possible middle ear problems, including the presence of middle ear fluid. The major benefit of this program is prevention of learning

problems through early identification and fact referrals for medical management of children with chronic middle ear problems.

Parents, classroom teachers, special education teachers, building principals, and other support personnel have worked diligently through the Pupil Evaluation and Placement Team process to develop individual education programs for each special needs student. Their cooperative efforts, as well as the continued support of the school boards and communities, are to be commended for this has resulted in quality special education programs for the handicapped children in each school.

SCHOOL ADMINISTRATIVE UNIT NO. 9

AUDITOR'S OPINION

We have examined the financial statements of the various funds and groups of accounts of School Administrative Unit No. 9 for the year ended June 30, 1980, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records as we considered necessary in the circumstances.

The School Administrative Unit No. 9 has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the various funds and groups of accounts of School Administrative Unit No. 9 at June 30, 1980, and the results of operations of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental information and the column on the accompanying combined balance sheet, captioned "Totals, Memorandum Only," although not considered necessary for a fair presentation of the financial position and results of operations of such funds and group of accounts, are presented primarily for supplemental analysis purposes applied in the aforementioned examination of the basic financial statements and is, in our opinion, fairly stated in all material respects in relation to the basic financial statements taken as a whole.
